

WNYRIC Services Presentation

Please state your name: school district: and title(s):

- Shawne Hunt Ellicottville Central School Technology Coordinator
- Marlene M. Przybycien Pine Valley CSD Business Executive
- Franklinville Central School
- JoAnn DePue Springville Director of Technology
- Terry Lorenc Randolph CS Technology Coordinator
- Martin Wende Kenton UFSD IT CoDirector
- Daniel Pacos Business Administrator Lake Shore CSD
- William Locke Arkport Superintendent
- Joseph Reyda Fredonia Central School District Interim Administrator for Grants Management and Professional Development
- Lancaster Central Technology Curriculum Mentor Attended due to membership on Advisory Council to increase background knowledge, not specifically to look for services for Lancaster.
- Anne Brungard, Cuba-Rushford CSD, Superintendent
- Frontier Central Supt of Schools
- John Zolnowski Silver Creek Central School Asst. Tech. Coordinator
- Charity Mucha/ Susan Gauch Bemus Point CSD Business Manager/ Tech. CoOrdinator
- Sameh Masry Lackawanna City Bussiness Official
- Jenny Bilotta Bolivar-Richburg CSD Business Manager
- Matt Hopkins Scio Principal PK12
- Richard Yochem Avoca C.S. Supt.
- Deborah Gromek / Frontier Central Schools /Technology Coordinator
- Frank Rizzo Alden Central Schools - Director of IT/CIO
- Dennis Corsaro Cleveland Hill Business Manager
- Delia Bonenberger Cheektowaga Cnetral School District Superintendent
- Mary Ann Buch Niagara Wheatfield CSD Director of Technology
- Deby Eppolito Akron Director of Instructional Technology
- Grand Island CSD
- Catherine E. Marriott Orchard Park Central Schools Director of Technology and Information Services
- Peter Ciarelli Williamsville Central School District Assistant Superintendent for Technology Services
- Lucinda Karstedt Eden Central School District Dir of It/CIO
- James Luckman Barker Technology Coordinator
- D. Paul Blowers Business Manager East Aurora UFSD
- Cso Woodworth Olean City School District Technology Administrator
- JOELLE WOODWARD GOWANDA CSD SCHOOL BUSINESS EXECUTIVE
- Jill Holbrook, Pioneer Central Schools, Director of Computer Operations
- Richard A. Binner Frontier Central Asst. Supt. for Business
- Vincent J. Vecchiarella North Tonawanda Superintendent
- Ralph Wilson, Genesee Valley Superintendent
- P hartigan ONBoces

Did the WNYRIC services presentation meet your district's planning needs for budgeting purposes?

| Scale 1 | | | |
|-------------|-----------|---------|-------------------|
| Response | Frequency | Percent | 0 20 40 60 80 100 |
| Yes | 26 | 70.3% | |
| No | 2 | 5.4% | |
| Somewhat | 8 | 21.6% | |
| No Response | 1 | 2.7% | |

- Very little specific info given out, no cost info was given out, Would need more info to decide if even want prices on any new service/program.
- Services were not complete enough for me to recomend buy in.
- To totally fit our needs, we would need cost figures.
- ,
- was unable to attend
- I wanted to see the offerings for 2009/2010

Did the format provide enough specific information of new and existing WNYRIC services?

| Scale 1 | | | |
|-------------|-----------|---------|-------------------|
| Response | Frequency | Percent | 0 20 40 60 80 100 |
| Yes | 28 | 75.7% | |
| No | 1 | 2.7% | |
| Somewhat | 6 | 16.2% | |
| No Response | 2 | 5.4% | |

- Existing yes, new services , it would be nice to have had more time to discuss them in more depth
- as tech coordinator some of the information does not pertain to my area
- Too rushed. Should maybe be longer so more details could be given or not held at all and give out info in other formats. i.e. record presentations and present in a YouTube format so those that are versed in a given area, facility management could then look at the facility signout video. Or business office folks only need to look at videos in their areas.
- Only of existing services
- It would be nice to have a little more information about current services as well as new. Situations change from one year to the next and what we may not have had a need for before may now be very helpful to us. A reminder of what is available and how it works could potentially increase participation.

Was there sufficient time devoted to each service to give you an accurate understanding?

| Scale 1 | | | |
|-------------|-----------|---------|---|
| Response | Frequency | Percent | 0 20 40 60 80 100 |
| Yes | 31 | 83.8% |  |
| No | 1 | 2.7% |  |
| Somewhat | 4 | 10.8% |  |
| No Response | 1 | 2.7% |  |

- again, a little more time for new services would be nice
- Most were too short to give good understanding. Some were long enough but concentrated on minute topics not on overviews (i.e. the apps that were programmed inhouse)
- Follow up info would be helpfull. Maybe using Web 2.0 tools on each service for input and feedback.
- Was a bit long without a break. Could have people sign up for afternoon sessions on particular topics they might be interested in learning more about.
- Too much time - vs not enough especially library in beg and Broadband

Would you like similar WNYRIC service presentations held on a more regular basis?

| Scale 1 | | | |
|-------------|-----------|---------|---|
| Response | Frequency | Percent | 0 20 40 60 80 100 |
| Yes | 23 | 62.2% |  |
| No | 13 | 35.1% |  |
| No Response | 1 | 2.7% |  |

- at least twice a year, or as new services are available
- maybe 2x per year
- Once per semester would be sufficient.
- Semi Annually
- Twice a year
- Perhaps twice per year. One fall, one spring. One could be geared around services for principals, curriculum coordinators the other for superintendents and business managers.
- At least twice a year, this will help us plan for increases in pricing and new services.
- I thought having this meeting in the fall was a good idea.
- The timing of this one was good, but I am not sure they need to be held more often.
- Could they be an intro for pre-planning in Oct. AND then the actual presentation, similar to the past in Jan. -- right before our individual district meeting?
- One idea may be to present a topic at scheduled SBO meetings.
- possibly semiannually

If you have additional comments please write them here.

- We need donuts. There were no donuts or coffee at the presentation.
- This could easily be done over a distance learning format. Even if you had to travel to a nearby school for a location it would be better then driving almost as long as the presentation, as in my case.
- An annual update on new and existing offerings is great - but let's not overdo it!
- Could opening slide contain the date of the presentation? Helps with mileage forms.
- These meetings work best in late fall after the rush is over from school startup but before budget planning. The current time frame was great.
- Thank you for doing this for us.
- Overall the WNYRIC has been very helpful. Maureen is always available to help with questions and getting information for us. Outstanding!!!
- I think it would be more beneficial to hire another CSR and give them less districts to manage. To be able to spend time in district a CSR may be able to suggest BOCES services to fill a need. We think the world of Maureen!
- was unable to attend
- You did a good job in a short timeframe - appreciated!
- How do you decide what new services will be offered? Have you considered focus group meetings with the tech coord. for needs/common problems?
- I had hoped to hear about services for the 2009/2010 budget year since we are beginning the process of developing that budget. We often get info about BOCES services AFTER our budget is set.
- I felt that it was time well spent.
- The meeting was worthwhile and I believe the time spend on each service was sufficient. There was plenty of opportunity for questions if more time was needed. A services update once a year is enough for me. Thanks.
- I was very pleased that staff spent extra time responding to my questions.
